RESEARCH REPORT: RR 25042-T
(CSI # 09960)

Attn: Nanette Schwartz
(760) 599-6011

Expires: December 1, 2012
Issued: December 1, 2010
Code: 2011 LABC

GENERAL APPROVAL - Renewal - Graffiti Melt -Sacrificial Anti-Graffiti Coating and GCP1000 Non-Sacrificial Anti-Graffiti Coating for protection of all types of surfaces against graffiti.

DETAILS

Graffiti Melt is a liquid, wax based, sacrificial (disposable) coating, used for protecting surfaces from graffiti. Graffiti Melt is composed of water and food grade materials and is considered to be non-toxic. GCP1000 is a two part, water based aliphatic polyurethane, used for protecting surfaces from graffiti

The Approval is subject to the following conditions:

1. Anti-Graffiti coating must have the capability of having all types of paints and graffiti materials completely removed without damaging the uncoated surfaces to which they are applied.
2. The anti-graffiti coating and products required to remove graffiti from the coating must be non-toxic and comply with all applicable requirements of the South Coast Air Quality Management District.
3. The coating must be weather and rain resistant, abrasive resistant, peel resistant, ultraviolet resistant, non-yellowing and allow moisture vapor transmission as tested in accordance with applicable ASTM Standards.
4. The removal of graffiti shall cause little or no change in the appearance of treated surface.

RE: Graffiti Melt - Sacrificial Anti-Graffiti Coating and GCP1000 Non-Sacrificial Anti-Graffiti Coating

5. Disposal of graffiti removal by-products must conform to all state and city waste disposal regulations.
6. Manufacturer shall provide a copy of instructions for application of the coating, material specifications, and method and materials required to remove graffiti for each job site.

DISCUSSION

The report is in compliance with the 2011 City of Los Angeles Building Code.

The approval is based on satisfactory field test. The notarized statement from manufacturer certifying that the product complies with Conditions No. 1 thru 5 of this approval is on file with the Engineering Research Section. This report is approved on a temporary basis until more specific requirements are established. This product complies with Los Angeles City's Graffiti Removal Ordinance No. 180895.

Addressee to whom this Research Report is issued is responsible for providing copies of it, complete with any attachments indicated, to architects, engineers and builders using items approved herein in design or construction which must be approved by Department of Building and Safety Engineers and Inspectors.

This general approval of an equivalent alternate to the Code is only valid where an engineer and/or inspector of this Department has determined that all conditions of this Approval have been met in the project in which it is to be used.
